## Holistic Healthcare Service, LLC

### Welcome!

Holistic Healthcare Services was founded in 2001 and is a community based healthcare service company located in Round Rock, Texas. HHS was founded on the premise of providing quality care to those individuals who may have been born with or have acquired some type of physical, mental, social, or emotional impairment. HHS serves clients with an array of conditions, diseases and/or disabilities such as but not limited to, Cerebral Palsy, Spina Bifida, Traumatic Brain Injury, Autism, etc. HHS also provides services to corporate staff to assist in reducing stress and increasing productivity in the work environment.

Staff members are trained and certified registered and/or licensed professionals. An interdisciplinary team approach is used to involve clients and individuals as active participants in the ongoing assessment, planning, implementation, and evaluation of their individualized therapeutic programs.

### Our Mission:

Our mission is to provide the best quality of care and services to adults and children in public or private settings. Through a person-centered and holistic approach, we are able to restore, remediate, and rehabilitate individuals, empowering them to return to their optimal levels of health while reducing stress and increasing overall productivity.

### Our Vision:

Our vision is to assist individuals of all abilities in reaching their optimal levels of physical, mental, social and emotional potentials, providing modifications and/or adaptations as necessary. Further, HHS welcomes people from diverse economic backgrounds and will not compromise the quality of care or service rendered due to financial hardship.

### What Makes Us Unique?

Holistic Healthcare Services, LLC offers a unique healthcare experience through the application of an innovative holistic approach to healthcare services, treating the whole body, mind, and soul. Our alternative means to medicine is centered around a 2-part holistic core enveloped by a person-centered approach.

#### Holistic Core:

- 1) *HHS Company: As a company we offer an unparalleled and comprehensive variety of healthcare services unique to our clients and the community we serve.*
- 2) *Clients: HHS strives to meet the needs of our clients through complete healthcare treatment of mind, body and soul.*

**Person-Centered Approach:** *The client is provided with unconditional positive regard from their therapists during treatment and plays an integral role throughout the planning and implementation of their complete healthcare services.*

### Special Featured Service:

#### Adaptive Aids and Assistive/Computer Technology

HHS offers a broad range of standard, adaptive, assistive and alternative technology services, including high, mid, low and even no tech. Our innovative approach treats each customer and technology uniquely, to create synergistic solutions. Assistive Technology Specialists evaluate individual needs and abilities, then outline and implement optimal solutions to meet those needs, with customized adaptations and training as necessary. Our adaptations/modifications often allow access to standard techniques and technology, such as computers, input devices and software. We are familiar with specialized devices, and work with them as appropriate, still applying our insight and personal touch. We constantly track the latest trends in both off-the-shelf and adaptive technology, always seeking techniques and mechanisms to enhance life quality and independence in daily living. Our specialists will work diligently to meet the needs of our clients. Contact us to find out more.
